including leather, silk, satin and Moire bags.

Wardrobe, Big Drain On Vaudevillian's Purse

To the layman who plays his money and expects to be entertained, the life of the vaudevillian is all "beer and skittles."

Is it not a fact that a team of man and wife, draws any where from \$150 to \$1000 weekly for just singing a few songs or telling a few jokes. It really can't be much work. Then too they ought to grow rich for what a lot one could save if one, or beg pardon, two get \$150 good American dollars every week.

The fact is, the team that works half of the time each year is breaking vaudeville records, and there are so many things the layman doesn't stop to count that have to come out of that princely salary that when it is all over the vaudevillian and his wife have to hustle to keep the wolf from clawing in at the front door.

There is railroad fare, and the flint hearted railroads just naturally insist on the vaudevillian paying every time he moves. Then the booking agent has to be slipped his "comish", Mr. Pullman extracts his tithe, the photographer is asking for his, the cut maker sets a divy, the lithographer a slice, an then comes the really big expense, the one that keeps most vaudevillians hustling every year to make both ends meet. Wardrobe, clothes. The successful entertainer if she be a woman must keep her dress stock right up to the very week. The first thing the manager and his audience looks for is shoddy. It requires cash, and on what an amount of cash. This week at the Columbia, Leona, Dustin with her partner Cowles is making good in a singing act. They can sing and their act is a corking good one, but how many who have heard them know that Miss Dustin carries over the road with her to be used every week five trunks of wardrobe. Dresses made by that exclusive ladies tailor, Kellar of Chicago, who is the worth of the west, and who has no week end sales no remnant bargain. Not on a bet. Kellar gets top money for what he builds, and if you want to know what it takes to be a successful vaudeville star serve up an acquaintance with the charming lady of the team of Cowles and Dustin and she will enlighten you on her wardrobe expense. To change nightly and wear each change an exclusive 1914 summer creation takes money. That's why vaudevillians don't grow rich as John D. Clothes may not make the man, but the woman in vaudeville who has them not, is not.

ORDER FOREST HOME STEAD SURVEY WORK

Homestead surveys to the number of 122 were ordered yesterday by the surveyor general for the Stigraevs national forest. In the present practice of surveying forest lands is found a peculiar co-operation of the land and forest divisions of the interior department. Surveys are made on instructions from the surveyor general by representatives of the forest service, and results are approved by the surveyor general before being submitted to the department.

Homestead survey No 82 in the Prescott national forest was approved yesterday by Surveyor General F. S. Ingalls.

HAYDEN

A farewell dance, which was a most delightful affair, was given in the hall of the National theater Tuesday evening complimentary to Mrs. Archibald Macdonald who left the Thursday following for Long Beach where she will spend the warm season. Mrs. Curtis Knight and Mrs. Robert Ezell were hostesses of the evening. In one corner of the large hall an artistic bower of greenery sheltered a large punch bowl from which delicious refreshments were dispensed throughout the evening. Splendid music was discoursed by Messrs. Ivy and Salinas. The evening was a most enjoyable one tempered by the regret of the early departure of the honor guest.

Mr. and Mrs. Frank Pool of Wickenburg have just returned from California where they spent several weeks' vacation. They went from here to Imperial by train and from there motored over the southern part of the state visiting San Diego, Los Angeles and other points of interest. S. G. Dolman of Ray spent several days in Hayden the early part of the week.

The Ray baseball team will be over Sunday to meet the Hayden boys (Ray "cons") on the home diamond. A lively contest is anticipated.

One of the most daring daylight robberies on record in these parts was committed by two Mexicans, Sanchez and Azuma, in Ray last Monday when they assaulted Merchant B. Beckstein, injuring him seriously and taking about \$250 which he had in a coin sack, having just come from the bank. The Mexicans were well known to him and were working with him on the way from the bank to the office of the copper company. On a quiet stretch of road where they were not apt to be detected they called Mr. Beckstein a few feet of the road on some pretext and then one of the men struck him in the back of the head with a baseball bat fracturing his skull. In their haste the criminals took only the money in the bag and overlooked a larger sum in bills that Mr. Beckstein had in his pocket. As the criminals left running across the hills their actions aroused suspicion of people in the vicinity and an investigation was started which led to the discovery of Mr. Beckstein who was hurried to the hospital. His condition is still serious. The criminals succeeded in

Baking Helps

Valuable Suggestions By Mrs. Nevada Briggs, Expert of the Art of Baking, as given by Mrs. Janet McKenzie Hill

Helpful Cake Making Hints

Always sift flour and K C Baking Powder at least three times. The more sifting, the lighter the cake. Remember that! To cream butter and sugar quickly, warm the sugar slightly. Beat yolks of eggs with rotary beater. Whip whites of eggs with flat spoon whip. Water makes lighter cakes; milk makes richer cakes.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K C Baking Powder. Biscuit Helps

Always sift flour and K C Baking Powder at least three times. Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K C Baking Powder to do its work in soft than in stiff dough. Mix biscuits very little. Do not knead. Stir up with spoon or knife and press in shape to roll on floured board.

With K C Baking Powder results are sure and certain. Ask your grocer for K C.
